WHO ARE WE?

We are Atlas. Atlas is a record label that prides itself in its young roster. Atlas allows them an opportunity to gain some exposure in the music industry as well as giving artists and designers the opportunity to showcase their talent to the world and to allow them to do what they love!

About Us

The About Us page has a larger header for the information about the label, with a short description and a couple of buttons below. Each button links to another sub-page, each with information on the Founders of the label and what's to come in the future respectively.

**SUBMIT YOUR
TRACKS**

When submitting a track, be sure to include your first name, artist name and the genre of your submission

© Atlas Records, Inc. 2018

Artists Page

The artists page has a section header that features the artists of the week, or months based on the number of releases in any given month. Below that is the full artist roster, as well as a Track Submission button. The Music page and the Shop page follow a similar style so those pages are not included in this mockup

Contact Us page

The simplest and most basic of every page of the website. It features the Section header, a small bit of body text and five text fields for the users name, topic, email address and question respectively. This page will be used to direct any question or comments to the label that don't pertain to track submissions or art submissions
